Position Summary

The mission of Primitive Pursuits is to steward the health of our community by fostering life-long relationships with the natural world through exceptional mentoring and nature education. We have been providing nature connection programming to people of all ages for over twenty years and are excited to continue our overnight camp program at Arnot Forest.

The Ornithology Program Specialist is one of the core facilitators of Primitive Pursuits; immersing groups of youth into natural areas, away from facilities and without modern gear, and engaging them in a fun way that sparks a deep, meaningful connection to the natural world, themselves, and each other. The key role of the Ornithology Program Specialist is to design and facilitate daily activities, projects and challenges for youth centered on birds, that may focus on one or more of the following: birdwatching, bird ID, scavenger hunts, bird language and behavior, bird evolution, etc. They will act as a mentor who is able to ignite the camper's curiosity about birds through role modeling curiosity, art of questioning and experiential learning. The Ornithology Program Specialist shares their knowledge, promotes stewardship, and nurtures a healthy relationship with the outdoor environment.

The Ornithology Program Specialist will work alongside other staff and work with campers ages 9-16. There will be housing onsite provided in one of our rustic cabins, which includes access to a kitchen and bathrooms. All meals while camp is in session are provided at no cost!

Overnight camp has the potential to change a young person's life, come be a part of the team that makes it happen! If you secure your position prior to February 1, 2025, you may be able to attend our Adult Earth Skills Series Spring program at no cost!
